Christian Foundation:

Our Savior's faculty and staff strive to lead by example, believing that by demonstrating Christ-like love, our students will grow up more confident and eager to do the same. Teachers pray with students and teach Bible stories and songs throughout the day. All students years and older attend chapel once a week. OSLA is a Lutheran institution that believes that God's Word is without error, that we are sinful and in need of a Savior, and that we are saved by faith in Christ alone.

We provide a loving and vibrant environment where Christ is at the center of all we do. Our classes offer a strong educational foundation, highly rooted in an interactive learning experience along with great enrichment activities such as weekly chapel, library, on campus field trips and more! We provide exceptional private Christian education for children 12 weeks -5 years and are licensed by the Tennessee Department of Human Services.
